CULTURE

TRIBAL GROUPS, WHITE BISON CERTIFIED

We offer tribal groups and activities to integrate culture with our treatment program. Mending Broken Hearts touches on intergenerational traumas, The Medicine Wheel and the 12-Steps discusses working a program of recovery that remains true to the spiritual connections that feed your soul.

TRADITIONS

SWEAT LODGE, BEADING, DRUM CIRCLES

For your recovery to be authentic and true to you, integrating your ceremonial traditions is a priority. For this reason, we have built a sweat lodge for ceremonies. We also have drum circles, drum-making, beading, etc., to honor your traditions.

EQUINE THERAPY

THERAPY WITH HORSES

Equine therapy gives you the opportunity to connect with horses, learning how to build a reciprocal connection. Horses are very reactive, which teaches us how to build trust and be more aware of our energy and disposition. We learn to think before we act when in the presence of these beautiful creatures.

SOBER STUDIOS

FULLY-EQUIPPED RECORDING STUDIO

Do you play an instrument, write music, sing, produce, or rap? Our sober studio lets you explore your talent and creativity in an authentic way. Processing your emotions and healing through music is why we believe in the power of music therapy, and have taken it a step further to provide a fully-equipped and stocked recording studio.

GARDENING

RECONNECTING WITH THE EARTH

Gardening is one of the most organic ways to get back in touch with your roots— this earth. The land, the soil, the sunshine, and the life sprouting from it will help you to reconnect with the earth in a spiritual way.
